## IMPORTANT NOTICE REGARDING YOUR AMEGY BANK DEPOSIT ACCOUNT

Dear Valued Client,

At Amegy Bank, we're making significant investments that will allow us to provide you with some of the **most advanced features** and the **best modern banking experience possible**. We have been working to replace our foundational banking systems with what we believe is **the most innovative technology platform in any large bank in America**. The final phase of this systems modernization is the launch of a new technology platform for deposit accounts on April 7, 2024.

Included among the immediate benefits to you are the following:

- **Speed** - Transactions will now be posted in real time.
- **Clarity** - Faster transaction posting creates greater visibility across all your accounts.
- **Convenience** - Increased use of digital signatures for changes to existing accounts and for opening new accounts.

Additional changes you will want to know about:

- Your deposit account number(s) will NOT change.
- There will be no change to your online banking interactions, fee structure, or other products.
- A new Deposit Account Agreement will go into effect on April 7, 2024, including further details about how real-time processing may affect your account.
- As part of this change, you will receive two statements: a partial-month interim statement that includes all transactions processed on our legacy system and another statement on your normal statement processing date that includes transactions processed on our new system.
- Statement formats will also change. Please visit our website to see samples of the new statements.

**For complete information regarding these changes and to view samples of the new statement format, visit [www.amegybank.com/modern-banking](http://www.amegybank.com/modern-banking) or call us at (800) 287-0301.**

Thank you for choosing to do business with Amegy Bank.

Sincerely,

Steve Stephens  
President and CEO  
Amegy Bank
